SUPPLEMENTAL BUDGET FOR FISCAL YEAR 1936

It being apparent that a few of the funds appropriated according to the 1936 budget, for the maintenance of the regular business of the county, were depleted before the end of the Fiscal Year of 1936, a motion was made by Norbeck, advising the County Auditor to construct a supplementary budget for the purpose of appropriating additional amounts to offset these deficiencies. This motion was seconded by Charvat and was carried by vote. Under provisions of Article 2, Chapter 95, of the 1929 Session Laws, the County Commissioners agreed that publication of such budget in each of the official papers of the County would constitute sufficient notice of intention to adopt said budget.

The Board of Charles Mix County Commissioners met in regular adjourned session with all members present: Novak, Charvat and Norbeck.

On motion the following tax adjustments were allowed:

- An Abatement to Chas. Nelson, in the amount of \$2.26 for erroneous assessment on personal property, 1934.
- A Refund to Frank C. Kriz in the amount of \$1.00. He being erroneously assessed for a dog he did not possess.
- A Refund to Frank Biggins in the amount of \$3.00. He being assessed for road and school poll twice, in Signal and Jackson townships.

RESOLUTION REGARDING INDIGENT INDIANS

WHEREAS, there are residing within the County of Charles Mix, State of South Dakota, a large number of Yankton Sioux Indians, owning allotments of lands on the Yankton Reservation in said county, which lands are non-taxable, and

WHEREAS, after due investigation the under signed Board of County Commissioners of said county has definitely determined and ascertained that a very large number of said Indian people are inadequately cared for with regard to:

- (1) Food, (2) Clothing, (3) Fuel: (4) homes, and (5) Medical Care, and

WHEREAS, it is imperative that immediate and substantial relief in the above particulars be at once afforded in some manner; and the undersigned Board of County Commissioners feeling that in view of the fact that these Indians are non-taxpayers of the county, and their properties are exempt from taxation by this county, the said Indian people should be regarded as Federal, and not County charges, and that necessary needs to which they are entitled should be furnished by the Federal Government, and

WHEREAS, said county of Charles Mix has already expended thousands of dollars in the care and support of said Indian people, realizing their urgent need, but that finances of the county will not permit longer use of county funds for such purpose and the county has all it can possibly do to bear its fair share of the indigent white people.

THEREFORE, be it RESOLVED that this matter be brought to the attention of the Federal Government through the Department of Indian Affairs, and that this resolution be deemed and considered by the Federal authorities as an urgent petition that relief be at once afforded to our Indian population from the finances of the Federal Government and that such authorities be requested to take into consideration the fact that unless such relief is immediately and adequately granted untold suffering and privations will be borne by the Indian population of Charles Mix County.

Dated at Lake Andes, Charles Mix County, South Dakota, this 4th day of February, 1937.

AGREEMENT

This agreement is hereby entered into by, and between the St. Paul's Indian Mission of Marty, South Dakota, and the Board of County Commissioners of Charles Mix County, South Dakota, now in session at Lake Andes, South Dakota as follows:

In consideration of the purchase by St. Paul's Mission of a tractor snow plow to be the property of St. Paul's Mission, the County Commissioners agree to authorize the St. Paul's Mission, subject to approval of Commissioner of 1st District to remove the snow from certain county roads designated as the Mission Road from Marty six miles north and the road west from Marty to the district line at any time said roads are seriously laden with drifts and the commissioners agree to pay for such use of equipment at the rate of \$2.25 per hour during actual time used for the County.

The Commissioners further agree to re-imburse the St. Paul's Mission for the cost of wages to the two operators furnished by St. Paul's Mission and cost of all gasoline, oils and greases actually used on such work. The St. Paul's Mission is to repair its equipment at its own expense.

It is further agreed by the Commissioners, to pay at the above rate for all snow removed with this equipment, which may be authorized at various times by the Commissioners and performed by the St. Paul's Mission on any other nearby roads, it being understood that the first named roads are to receive first consideration, due to the importance of the thoroughfare to the Mission and its 400 inhabitants.

It is hereby understood that it is the intention of the Board of County Commissioners that this agreement continue in effect from year to year until terminated by either of the parties concerned, by 30 days written notice of such termination.

RESOLUTION

Commissioner Norbeck introduced the following resolution and moved its adoption:

WHEREAS, this Board has heretofore, on the 3rd day of March, 1937, adopted the following resolutions:

1. A resolution finding and declaring valid such warrants, issued to pay indebtedness of Charles Mix County contracted prior to December 31, 1936, as were listed and described in a certificate prepared by the County Auditor and on file in her office, said certificate being dated February 24, 1937;
2. A resolution to issue \$164,000.00 of negotiable coupon Funding Bonds to pay the floating indebtedness of the County; and

WHEREAS, included among the indebtedness so found to be and declared valid were certain warrants, in the aggregate principal amount of \$78,837.21, that were drawn on the motor Fund of said County; and

WHEREAS, said Motor Fund of said county consists of 46½% of the motor vehicle license money collected in the County and of the proceeds of such general tax levies as may be made for the fund; and said fund is used for the construction and maintenance of County roads; and

WHEREAS, because of the heavy burden of taxation that has been borne by the property owners of the County during the late years of economic depression, no general tax levy for the benefit of said Motor Fund has been made since 1931 and until the levy for the year 1937, with the result that the only source of revenue of said Motor Fund during the years 1935 and 1936 was said portion of said motor vehicle license money collections; and

WHEREAS, widespread unemployment in the County during the recent years of economic emergency has made many of its residents wholly or largely dependent for their livelihood upon such work as the County could provide; and

WHEREAS, it has thus been necessary for the County to contract a large amount of indebtedness for labor and for materials used in the construction of County roads, and to pay such indebtedness by issuing warrants on said Motor Fund in a total amount largely in excess of that authorized by the Budgets for the years 1935 and 1936; and

WHEREAS, warrants issued to pay said indebtedness do not by their terms nor by their intent limit the rights of the holders thereof to a special fund to be raised only from the proceeds of motor vehicle license money collections,

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Charles Mix County, South Dakota, that all of said indebtedness to be paid by said warrants is, and is hereby declared to be, a valid and binding general obligation of the county, to an action for the payment of which said county has no lawful defense, and for the payment of which general ad valorem taxes may be levied on all the taxable property in the County without limitation as to rate or amount.

The motion for the adoption of the foregoing resolution was duly seconded by Commissioner Charvat, and upon vote being taken thereon the following voted "aye":

Joseph Novak, Chairman, Enoch Norbeck and Charles Charvat; whereupon said resolution was declared duly passed and adopted.

WHEREAS this Board has heretofore, on the 3rd day of March, 1937, adopted a resolution to issue \$164,000 of negotiable coupon Funding Bonds to pay the floating indebtedness of Charles Mix County, South Dakota; and

WHEREAS, included in the indebtedness so to be funded, is an item of \$6,280.50, not represented by any unpaid warrant or unpaid warrants incurred in the manner hereinafter described:

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Charles Mix County, South Dakota as follows:

This Board has investigated the Books and records of the County and the necessary facts, and find that warrants have been drawn upon the motor fund of said county for county purposes, in amounts in excess of the sum available in said fund; and said warrants have been paid out of cash; and the net amount to be restored to cash in order to correct and adjust said improper payments is \$6,280.50, as shown by a certificate prepared by the County Auditor and on file in his office, dated March 29, 1937, and by reference made a part hereof; and the County Auditor is hereby authorized and directed to draw a warrant on the Motor Fund in the amount of \$6,280.50 payable to cash, bearing No. 3530.

RESOLUTION REGARDING TOWNSHIP ROAD WORK

Mr. Charvat offered the following resolution, seconded by Mr. Norbeck:

WHEREAS, it has been the custom for many years for Charles Mix County to furnish its equipment to the Township Board for the purpose of Building township roads, the townships have paid the wages of the men, and have furnished the gasoline and oil.

WHEREAS, there is a great deal of expense and repair on county road machinery, this expense has been paid by the county, and

WHEREAS, it now appears after following this practise for many years that it has been very expensive to the county, and that the County Highway Funds are now greatly depleted, and

WHEREAS, a great many townships in the county desire the use of the county equipment for building roads at this time, the County Board feels that it is necessary that a portion of this expense be carried by the various townships in proportion to the amount of work done in such townships.

NOW THEREFORE BE IT RESOLVED, that commencing June the 1st, 1937, a rental of \$3.00 per hour be charged to all townships for the use of Caterpillar Tractor, with either Excavator or Blade. And, that the County Highway Superintendent is hereby authorized and directed to send bills to the townships each month for any work that has been done in the various townships.

RESOLUTION REGARDING TAX DEEDS

Mr. Norbeck offered the following Resolution and moved its adoption which motion was seconded by Mr. Charvat.

RESOLUTION

Whereas, Charles Mix County is the owner of a large number of Tax Sale Certificates more than four years old, and

Whereas, the statutes of the State of South Dakota requires that the County Treasurer take tax deed on all certificates held by the County more than four years old,

Whereas, the number of actions or proceedings requiring attention is so large, and some of the certificates are so far in default, that the usual personnel of the office of the County Treasurer is insufficient to procure tax deeds, or conduct said proceedings, within a reasonable length of time, and

Whereas, tax deed proceedings are technical in form and require considerable legal skill; and, where the county acquires title under such proceedings, its title is based solely upon the sufficiency and legality thereof; and,

Whereas, it is deemed necessary and to the advantage, benefit and best interests of the county to furnish legal assistance to the County Treasurer so that said proceedings may be properly conducted, and,

Whereas, the number of proceedings that will have to be commenced is so large that the State's Attorney, over and above his ordinary and regular duties, cannot possibly conduct the same, and

Whereas, the Attorney General has ruled on various occasions that it is not the duty of the States Attorney to procure Tax Deeds for the County, and

Whereas, the number of proceedings that will necessarily have to be conducted will require the services of one assistant for each commissioner's District of the County, and

Whereas, the properties covered by the certificates held by the county are paying no taxes, and are therefore creating a burden upon the balance of the tax payers of the county, and, in many cases, are constantly deteriorating in value, and the county is sustaining a considerable financial loss by withholding action upon said certificates, and

Whereas, the Board of County Commissioners, pursuant to their authority to superintend the fiscal affairs of the county, believe it to be for the best interests of the county to proceed without delay to ~~reduce~~ reduce said properties to possession, or to collect the taxes against same, and believe it to be necessary to employ counsel for the purposes aforesaid, now therefore,

BE IT RESOLVED, that Charles Mix County enter into a contract with an attorney from each Commissioner's District of the County, at such compensation as may be agreed upon per case, and for such time as may be necessary, for the purpose of furnishing assistance to the County Treasurer to take tax deeds as required by law.

Resolution passed and declared adopted.
