FEBRUARY 10TH, 1958

The Board of County Commissioners convened at 10:00 O'Clock A.M. with all members present, Commissioners Nielsen and Pranger, Chairman Novak and County Auditor Stork.

Chairman Novak called the Board to order and opened the meeting at 10:00 O'Clock A.M.

Commissioner Nielsen asked that opening of the bids be delayed until The States Attorney, M.E. Miller could be asked for an opinion on the duration of the lettings on June 24th, 1957. Since there was no specific time mentioned in the Notice For Bids of the June 24th, 1957 letting, it was the opinion of the States Attorney that the Contract could be terminated any time after one purchase had been made. He pointed out that The Notice For Bids for the letting on February, 10th, 1958 did not mention a specific time limit and suggested that all bids be rejected and that the Notice For Bids be re-advertised for a future date.

Upon a motion by Nielsen, that all bids be rejected and returned to the respective bidders and seconded ny Pranger all members voted AYE and Chairman Novak declared the Motion passed.

Bidders who were present were handed their sealed bids and the Auditor was instructed to mail the remaining bids to the Bidders.

The following claims were examined and upon motion made and seconded were allowed and the Auditor instructed to issue warrants for same;

Geddes Ind. School-\$ 10,672.00, Wagner Ind. School-\$ 358.00

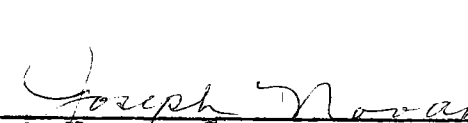

Mrs. Weber of the Welfare Dept. met with the board to promote a better understanding of the cases being handled jointly by the Welfare Department and the County. She explained that all persons receiving aid through the Welfare Department are Budgeted and the County may supplement the difference between the Welfare Department payment and the persons budget. For an example she used John Doe Budgeted for \$ 125.00 and receiving a welfare Check of \$ 65.00, and allowed \$ 5.00 for clothing and \$ 4.00 for incidentals. In this case the person recieves a check for \$ 65.00, less \$ 5.00 (clothing) less \$ 4.00 (incidentals) which leaves \$ 56.00 actually being paid for his care. The County may supplement any amount up to \$ 69.00 which would bring total payments up to \$ 125.00 which is the said John Doe's budgeted allowance. In cases where patients are cared for in hospitals and clothing is furnished the \$ 5.00 should be considered as paid for the care of the patient.

Upon motion made and seconded the Board adjourned to meet again on the first Tuesday in March, 1958.

Wes Metteer, from Rouse Township, appeared before the Board asking them to investigate the round corner 9 miles south of Dante having been constructed on property now owned by him, which is described as lot 4-33-94-62 containing 41.21 Acres. No easement or purchase for road having been recorded the entire 41.21 Acres were considered in the purchase price. The Board agreed to investigate the site as soon as possible.

The Board discussed the problem of taking one of the Patrols off the maintenance work to follow the F.A.S. construction work this summer. Each commissioner was reluctant to release a machine from his district on account of the heavy demand for reshaping graveled roads this time of year. The Highway Superintendent explained that he would have to have a Patrol on the F.A.S. job constantly since there is no large cuts or fills in this summer's programmed roads.

Nielsen moved that the Board authorize the Highway Superintendent to enter into a lease agreement for a Patrol until such time as bids can be taken for the purchase of a Patrol to follow the F.A.S. construction projects. Pranger seconded this motion, all members voted AYE and Chairman Novak declared the motion passed.

The following Claims were examined and allowed and upon motion made and seconded the Auditor was instructed to issue warrants for same;

The Provisional Budget was discussed and some suggestions made but no action was taken because action on same is to be taken in the July Meeting.

Frank Weichman appeared bearing the Township affidavit of appearance at the Kennedy Township Equalization Board and stated that he wanted the County Board of Equalization to make an adjustment on his 1958 Valuation of Real Property. The Board held that his property was not listed above 60% of true value and for that reason denied his request.

Vernell Kreeger appeared bearing the Township affidavit of appearance at the White Swan Township Equalization Board and stated that no action was taken in the Township meeting regarding the unequal valuations placed upon property owned by him and others within the same section. He asked that the County Board of Equalization consider this inequality and give him relief. The Board instructed the County Director of Equalization to view the property personally and make a report to the Board.

John Walma appeared regarding the Plat prepared by Ray Gill on the old Fair Grounds Property which includes the County Sheds, the Sale Barn, pasture land owned by the County and property owned by Tony BaanHofman. By Resolution and Agreement 66ft of the north part of Out Lot "C" is reserved for an entrance to the Sale Barn property and in case of sale to parties other than John Walma the ingress and egress entrances shall remain as they now exist and said John Walma will have the opportunity to purchase said entrances.

Mr. Pranger offered the resolution and agreement, it was seconded by Mr. Nielsen and all members voted AYE.

The following Claims were examined and upon motion made and seconded were allowed and the County Auditor instructed to issue warrants for same;

The Board of County Commissioners convened at 10:00 O'Clock A.M. with all members present; Commissioners Nielsen and Pranger, Chairman Novak and Auditor Stork.

Chairman Novak called the Board to order and opened the meeting at 10:00 O'Clock A.M. and ordered the Auditor to read the Notice of Hearing on application for the class "C" beer liscence, of Agnes Whetham.

Upon Completion of the reading of the Notice, Chairman Novak ordered the Auditor to read a Resolution passed by the Wagner City Council on July 7th, 1958 and filed with the County Auditor, July 11th, 1958 at 8:30 A.M. This resolution opposed the issuing of a beer liscence on the proposed location. Chairman Novak instructed the Auditor to file said resolution in the permanent files in the Auditor's office.

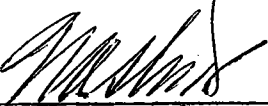

Upon a motion made by Nielsen to reject the Application of Agnes Whetham for a Class "C" non-intoxicating liquor permit for the reason that it was protested by the Wagner City Board and because the location is not a suitable location. This motion was seconded by Pranger, all members voted AYE and Chairman Novak declared the application Rejected.

Pete Olson appeared bearing the Township affidavit of having appeared at the LaRoche Township Board of Equalization. Examination of his assessment showed that the Assessors Valuation was reduced \$ 5000.00 by the Township Board and left \$ 21,000 as Structure Valuation. (This figure was 31% of the entire Structure Valuation of LaRoche Township and was considered to be excessive. The County Equalization Board lowered the valuation to \$ 17,000.00.) See Minutes 8-5-58 for details.
