The Board of Equalization met in adjourned session July 11, at 10 o'clock A. M. with all members present, Carda, Svatos, Pranger, Schultz and Breen.

Vince Kaberna appeared before the board and objected to the valuation of 1505 on SE 1/4-NE 1/4 14-96-64. The board having viewed the 40 acres felt that the valuation was not too high and that a survey would have to be made of the entire township, and that the director and the township board would before assessment date make this survey, and equalize the township as a whole. Phil Masur did not appear at his appointed time.

The following land owners in LaRoche Township met with the board, Leslie Nelson ( representing the South Dakota Game, Fish and Parks), Ben DeLaney, Joe Walner, Ben & Cesaire Turgeon, Gene Fite, Alfred and Garfield Johnson, Pete Olson and Bruce Erickson. Leslie Nelson stated that the Fish And Game Department did not object to the board raising valuation of their land to \$12.00 per acre, but his personal opinion was that all lands in question, those adjacent to the river, should not receive a flat raise to \$12.00 per Acre. He recommended there be a graduated scale, depending on location, rockiness, elevation etc. The other members of the delegation objected to the \$12.00 rate. All felt that \$12.00 per acre assessed valuation was too high for their river land. Each individual was given an audience. At the close of all discussions, and after the group had retired, and after considering all the facts, Carda made a motion that all land in LaRoche township assessed below \$12.00 per acre be raised to \$12.00 per acre. Motion seconded by Svatos, Roll Call vote, Carda and Svatos yes, Pranger no. Motion carried. The following notice was sent to each land owner " This is to inform you that after due consideration, it is the decision of the County Board of Equalization to raise the assessed valuation of all lands in LaRoche Township, assessed at less than \$ 12.00 per acre for the assessment year of 1968, up to \$12.00 per acre. All other lands will be reviewed for valuation in 1969. This decision concurs with assessed valuation applied to other townships in Charles Mix County". Signed; Robert W. Schultz, Dir. of Equalization. All other assessments in the county were left as turned in by the local boards of equalization.

The Board of Equalization adjourned and reconvened as a board of County Commissioners.
